

THE UNITED REPUBLIC OF TANZANIA
TANZANIA COMMUNICATIONS REGULATORY AUTHORITY

PUBLIC NOTICE TO EXTEND MIGRATION PROCESS

On 23 February, 2005, the Tanzania Communications Regulatory Authority started the implementation of the Converged Licensing Framework with four licence categories for:

- 1. Network Facility Licence:** authorizing ownership and control of electronic communication infrastructure.
- 2. Network Service Licence:** authorizing a person to operate public electronic communication networks in order to deliver services.
- 3. Application Service Licence:** authorizing provision of access services to the end user.
- 4. Content Service Licence:** authorizing the provision of content such as Satellite broadcasting, Broadcasting Terrestrial free to air TV, Terrestrial radio broadcasting and other electronic media.

The Authority had issued a one year period beginning from 23 February, 2005 for existing communication licensees to migrate into the Converged Licensing Framework.

Some of the existing operators have notified the Authority of their intention to migrate into the said framework. The Authority has observed that there is need for more time to complete the migration process in a condusive manner.

NOTICE is hereby given to existing operators and the general public that the Authority has extended the migration cut off date from 22nd February to 30th June, 2006. Incentives are provided to operators who migrate into the Converged Licensing Framework before the said date.

Issued by:

Director General
Tanzania Communications Regulatory Authority
